**Q1. A/ Read this text carefully then answer ( 5 ) of the questions that follow. ( 10 M.)**

Millions of people are attacked by a secret enemy which causes more harm and greater suffering than any other disease. Its name is worry. According to doctors, worry can actually cause organic disease, and even when it does not, it can eat up our energy in many ways, ruin our health and make life miserable. Worry is a very dangerous enemy. The stress of life may make us worry about silly things. Worry affects nearly everybody in society from teenagers to elderly people. Students worry about their exams. Parents worry about their children. Young men and women worry about their future life. Needless to say, worry is the result of thinking in a wrong way. It is a fact that thinking over worries brings about more worries. We must face life as it is bravely. The problems a worrier faces are the same that the others face. To overcome worry, cultivate different interests, develop contact with a large number of people and spend your leisure in a useful hobby. When feeling worried, retire to a quiet corner and relax.
